Comments:

Mr. Langdon, please find included here a letter of response to the office action dated 9/7/07.

James Barnett

9/27/07

Mr. Langdon,

In the Office Action dated 9/7/07, I was directed to address issues regarding drawings which I had sent to you previously. Per our phone conversation of last week, we agreed that the drawings were related to the arguments being presented and not applicable to the patent application itself. The Office Action also directed me to provide status identifiers on the claims as revised. I have done so and include them in the fax.

Thanks,

James Barnett
